Message from the Interim State Superintendent of Education Dr. Lynn J. House

On behalf of the Mississippi Board of Education (MBE), I am pleased to submit the Annual Report of the State Superintendent of Education for the 2011-2012 academic school year. In accordance with the requirements of Section 37-3-11 of the Mississippi Code of 1972, Annotated, this report contains pertinent financial, statistical and other important information at the state and local school district levels for your review.

The MBE, with advice from the State Superintendent of Education, provides leadership through the development of policy and accountability systems that ensure all students are prepared to compete in the global community. The MBE works to create a world-class educational system that gives students the knowledge and skills to succeed in college and the workforce and to flourish as parents and citizens. The MBE also regulates all matters arising in the practical administration of the school system not otherwise provided for and regulates issues such as curriculum, teacher standards and certification, student testing, accountability and school accreditation.

On behalf of the members of the MBE, the staff of the Mississippi Department of Education and myself, I would like to thank you for the leadership and service you provide for our state. I look forward to working with you this year in support of our public schools.

If you would like to view this report online, please visit <http://www.mde.k12.ms.us>. Please do not hesitate to contact me if you have questions regarding the contents of this report, or if I may be of assistance in any other way.

Sincerely,

A handwritten signature in cursive script that reads "Lynn J. House". The ink is dark and the signature is fluid.

Lynn J. House

Mississippi State Board of Education

Dr. O. Wayne Gann, Chair

Safe and Orderly

The report from Safe and Orderly Schools will cover safety procedures for all schools in Mississippi. The Transportation Report for 2011-2012 shows data for privately owned and publicly owned vehicles, and the School Safety Report for 2011-2012 contains personnel counts on who were trained as well as other accomplishments.

Safe and Orderly Schools

Current efforts of the Mississippi Department of Education's Office of Safe and Orderly Schools to support a safe school environment include, but are not limited to:

- Require all schools to develop a written comprehensive school safety plan.
- Provide training and technical assistance to local school districts on the development of policies and procedures to support a safe school environment as requested.
- Develop training requirements for School Resource Officers and School Safety Officers.
- Conduct forty (40) hour Basic Course for all entry level (first year) School Resource Officers.
- Conduct forty (40) hour Basic Course for all entry level (first year) School Safety Officers.
- Operate a stay safe hotline (1-866-960-6472 or staysafe@officeofhealthyschools.ms.org) for anonymous reporting of any unsafe situation on a school campus.
- Provide professional development to local school districts on school safety related topics.
- Provide forty (40) hours of annual refresher training for all School Resource and Safety Officers.
- Partner with the Office of Homeland Security to provide Active Shooter training and refresher training to all School Resource Officers.
- Provide resources to local school districts to support instruction in mental health education as part of the health education requirement.
- Provide local schools districts with a Motor Vehicle Reports for all school bus drivers.

- In partnership with the Department of Mental Health, Attorney General's Office, and the Mississippi Department of Human Services, the Mississippi Department of Education provides Juvenile Threat Assessment Training. This training supports a multidisciplinary approach to conducting a four-pronged behavioral assessment of potentially violent juveniles and recommending an intervention to prevent violence.
- Provide technical assistance and reimbursements to local school districts who offer a Driver Education Program.
- Develop minimum standards for school buses in the state.
- Monitor and train personnel in School Crossing Guard Safety.
- Provide school bus safety training.
- Provide reimbursement to school districts that offer Vocational Technical Training programs to students.
- Provide reimbursement to local school districts that transport students with disabilities.
- Provide technical assistance to local school district transportation programs.
- Conduct monitoring of all school safety, pupil transportation, and driver education programs.
- Process applications and authorize allocations for Qualified Zone Academy Bonds and Qualified School Construction Bonds.
- Monitor and report any changes to local school district boundaries to the Census Bureau. (State Mapping Coordinator)
- Collects, organizes, and reports data requests related to school bond elections, abandoned school buildings, and/or abandoned real property.
- Maintains Federal Impact Aid Applications

- The Mississippi Department of Education collaborates with the Mississippi Association of School Superintendents, Mississippi Association of School Administrators, Mississippi School Boards Association, Mississippi Department of Mental Health, Mississippi Association of School Principals, National Weather Service, Attorney General's Office, Local Law Enforcement, Office of Homeland Security, Mississippi Emergency Management Agency, Mississippi High School Activities Association, Mississippi Association of School Resource Officers and other agencies and organizations to provide quality school safety training.

Transportation Report for 2011-2012
(based on data reported by local school districts)

Number of Vehicles in Use	Privately Owned	Publicly Owned	Total
School Buses (Regular Route)	400	5,146	5,546
Spare Buses	34	1,337	1,371
Service Vehicles	8	403	411

**State Public School Building Fund
2011 - 2012**

The State Public School Building Fund was created to provide state funds for the capital improvement of schools in the state. Such capital improvements include the cost of erecting, repairing, equipping, remodeling and enlarging school buildings and related facilities.

The financial structure of the State Public School Building Fund is made up of three interlocking, yet distinct features: (1) annual grants to school districts; (2) legislative funding of the program; and (3) state school bonds.

For the past several years, Public School Building Funds, which are set aside through MS Code 37-47-33, have been redirected to fund MAEP, leaving districts without the resources necessary to make much needed repairs and renovations to their schools.

The Mississippi Board of Education approved new school sites for the following school districts during 2011 - 2012:

Lamar County School District
Smith County School District
Jackson Public School District

Additional support for capital improvement of schools has been provided on the local level through local bond elections. The following shows the results of local bond elections during 2011 - 2012:

**Record of School Bond Elections
2011 - 2012**

School District	Amount	Passed/Failed	Percentage of Voters For/Against
Rankin County School District	\$169,500,000	Failed	39.70% / 60.30%

District Financial Information

Expenditure Receipts for Public Schools by Functional Areas

Expenditure Receipts for Public Schools by Functional Areas details public school expenditure amounts by functional area by school district. For each district, the report shows the percentage of each functional area to the total operational expense. The report also lists the percent ranking for each district for each functional area.

2011-12 Expenditure Receipts for Public Schools By Functional Areas

District Financial Information

Expenditure Per Pupil Average Daily Attendance

Expenditure Per Pupil in Average Daily Attendance shows the average daily attendance for each district. The report also details the expenditure amount per pupil using all funds and expenditure functions 1000-3999. Instructional costs for each district per pupil are listed and include all funds and instructional expenditures. Additionally, the per pupil expenditure amount for transportation is listed by district. Also, the report lists the ranking by district for each of the three per pupil categories.

District Financial Information

Revenue by Source by District

Revenue by Source by District shows the amount of revenue each district received from local, state, federal and intermediate sources. By district, the report shows the percentage of each revenue source to the total revenue. The report also lists the percent ranking for each district for each revenue source. The total column shows the revenue received from all sources. The last column lists the ranking by district for the total revenue amount.

Revenue by Source by District 2011-12

District Financial Information

Administrative Cost by District

Administrative Cost shows expenditures for each district for total current operations using all funds and expenditure functions 1000-3999. The report also shows a comparison for each district of a calculated amount of administrative cost to actual district administration costs. Additional columns show district administration costs as a percentage of total operational costs and the percent rank of each district.

District Financial Information

District Assessment and Tax Levies

District Assessment and Tax Levies shows assessed value, homestead information and new property amounts for each district. The report details the breakdown of mills levied for specific purposes as well as the total millage. Districts that have assessed value in two different counties are listed twice to show the assessment and millage by county.

District Pupil Information

Net Membership by Grade

Net membership is the number of pupils belonging to a school unit at any given time. The membership is an ever-changing number and is found by adding the total number of student entries and total student re-entries, and subtracting the number of withdrawals. This report is for reporting period for month 01.

NET MEMBERSHIP BY DISTRICT AND GRADE

Career and Technical Education

Career and Technical Education (CTE) programs help students develop the skills they need to achieve their occupational goals. This report provides the number of CTE programs (secondary, post-secondary, and short-term adult) offered statewide, the number of students enrolled in these programs, and a brief description of how CTE programs are assessed. In addition, each CTE program is identified using a six-digit Classification of Instructional Program (CIP) code. This code is used for state and federal data collection and reporting.

**OFFICE OF CAREER AND TECHNICAL EDUCATION
SUPERINTENDENT ANNUAL REPORT
OVERVIEW
2011-2012**

Career and Technical Education programs administered by the Office of Career and Technical Education and Workforce Development (OCTEWD) prepare all students for new jobs, roles, technologies, and responsibilities in order to develop a competent workforce to support and enhance Mississippi's economy. The delivery system is effective and responsive to changing needs of business and industry. OCTEWD programs are part of an integrated educational delivery system that accommodates every secondary and postsecondary school and provided instructional services to 175, 274 Mississippians last year.

Career and technical programs in secondary, postsecondary, short-term adult, industry training, and business and industry partnership settings, enable students to acquire needed skills and abilities and achieve their educational and occupational goals. Programs include: Agriculture, Family & Consumer Sciences, Marketing, Trade and Industrial Education, Cooperative Education, Health, Technical Education, Business Education, Science and Technology, and Short-Term Adult Programs to meet local needs.

SECONDARY BASIC PROGRAMS:

Forty (40) Career Discovery (000251) programs introduced 2,443 seventh-grade students to career opportunities and the skills needed to develop and implement individual student career/educational plans that reflect student aptitudes, interests, and abilities. These programs provide experiences and activities that promote self-awareness, career exploration, and educational planning related to student's educational and occupational plans.

One-hundred twenty seven (127) Computer Discovery (000252) programs exposed 21,868 eighth-grade students to a multimedia environment in which they developed computer skills, keyboarding, using operating systems (Windows), and file management. Real-world applications in word processing, graphics, databases, telecommunications, spreadsheets, and desktop publishing make the course exciting, relevant, and challenging.

Eighty-one (81) Technology Discovery (000253) programs enabled 6,414 ninth-grade students to explore technology resources, processes, and systems that lead to enhanced career development and advanced education. Students learned through researching, visualizing, modeling, designing, simulating, prototyping, keeping journals, preparing and making presentations and demonstrations, problem-solving, role-playing, and testing.

One-hundred one (101) Information and Communication Tech I (ICT I) – (000271) programs served 22,632 seventh-grade students and ninety-nine (99) Information and Communication Tech II (ICT II) - (000272) programs served 9,178 eighth-grade students.

One-hundred twenty-five (125) Science, Technology, Engineering, and Math (STEM - 000273) programs served 15,993 ninth-grade students.

Forty-four (44) Introduction to Agriculture Science (010001) programs served 1,268 students, thirty-five (35) Concepts of Agricultural Science (010002) programs served 737 students; thirteen (13) Science of Agricultural Mechanization (010201) programs served 192 students, twenty-eight (28) Science of Agricultural Animals (010901) programs served 371 students, forty (40) Science of Agricultural Plants (011101) programs served 504 students, forty (40) Agriculture Ag. Operations (019999) programs served 1,379 students, and twenty-three (23) Science of Agricultural Environment (030104) programs served 273 students.

One hundred forty-seven (147) Family and Consumer Sciences (199999) Programs funded through H.B. 1467 served 42,931 unduplicated students. Some students enrolled in more than one of the course offerings that included Family Dynamics in 9th through 12th grades and other optional courses, such as Child Development, Family/Individual Health, Family Living & Parenthood, Foods & Nutrition, Nutrition & Wellness, Personal Development, and Resource Management.

Secondary occupational programs provide for the development of essential, program area specific, occupational, and entrepreneurial skills for students in grades ten through twelve. Instruction in these programs incorporates structured learning activities that integrate career technical and academic objectives. Upon program completion, individuals possess marketable job skills and may enter the workforce or pursue postsecondary education, in directly related, or indirectly related occupational and technical areas with possibilities for advanced placement, or other postsecondary offerings.

SECONDARY OCCUPATIONAL PROGRAMS AND ENROLLMENT- 2011-2012

In 2011-2012, one thousand, two hundred forty-five (1,245) secondary occupational programs serve twenty-three thousand, four hundred sixty-three (23,463) students.

POSTSECONDARY PROGRAMS AND ENROLLMENT 2011-2012

Postsecondary programs provide beginning, advanced, and technical, program area specific, occupational, and entrepreneurial preparation for skilled/technical occupations. These programs reflect current and emerging technologies and address the needs of industry and other employers. State-of-the-art technology used in industry and integrated academic components are incorporated in the curriculum. Upon completion of a postsecondary occupational program, individuals are prepared to enter skilled/technical level occupations.

In 2011-2012, five hundred eighty (580) postsecondary programs served twenty-five thousand, six hundred twenty-eight (25,628) students.

SHORT-TERM ADULT PROGRAMS

In 2011-2012, secondary institutions served two thousand five hundred eighty-one (2,581) students and conducted one hundred ninety-five (195) state funded short-term adult classes.

Seventy-five (75) federally funded short-term adult programs conducted by secondary and postsecondary districts served one thousand fifty-seven (1,057) adult students.

ACCOUNTABILITY AND ASSESSMENT

The Mississippi Department of Education Office of Student Assessment, in cooperation with the Office of Career and Technical Education, has developed and implemented a customized career assessment program, Mississippi Career Planning and Assessment System (MS-CPAS), which is used to determine progress in attaining educational goals. MS-CPAS is comprised of a number of occupation-specific examinations developed by the Mississippi State Research and Curriculum Unit (RCU) for use in measuring occupational knowledge and skills. The MS-CPAS exams are administered online and scored by the Research and Curriculum unit. The occupation-specific examinations are each tailored to correspond to specific career and technical programs within the Mississippi Curriculum Framework.
